

**National Science Foundation (NSF)**  
wishes to sponsor a  
**UofL Electrical Engineering Ph.D. Student  
in Nanotechnology Research**

NSF is offering to provide full tuition and salary to a UofL student who has recently entered, plans to enter, or is currently a teaching assistant in the Electrical Engineering Ph.D. program. This program is only open to women or underrepresented minorities who are also U.S. Citizens, Nationals or Permanent Residents. General details from NSF are described at:

<http://www.nsf.gov/pubs/2008/nsf08030/nsf08030.jsp>

For specific details on how to apply please contact:

Professor Robert W. Cohn, Director  
ElectroOptics Research Institute & Nanotechnology Center  
Belknap Research Building, Room 245
