

**Assistant or Associate Professor in the Communications Area  
Electrical and Computer Engineering  
J.B. Speed School of Engineering  
University of Louisville**

Applications and nominations are solicited for a tenure-track Assistant or Associate Professor position in communications or a communications-related area in the Electrical and Computer Engineering Department at the University of Louisville. Candidates are expected to have an earned doctorate in electrical or computer engineering, a solid commitment to research, a commitment to excellence in teaching and have effective communication and administrative skills. Candidates should be willing and capable of teaching undergraduate and graduate level courses in ECE and be committed to growing the department's research presence in the communications area.

The ECE Department has 180 undergraduate students, 100 master students, 50 doctoral students, 20 faculty, \$3.5M in annual research expenditures, and a number of exemplary research facilities, including several high-end super-computing facilities and one of the top 10 micro/nano cleanrooms in the nation. The department is nationally recognized in the areas of nanotechnology, MEMS, electro-optics, computer vision and image processing, medical imaging, and computational intelligence.

Louisville is the sixteenth largest city in the US. Its low cost of living combined with its unique amenities and quality of life have recently earned Louisville the recognition as the *nation's best city for relocating families*.

Applicants must apply online (at [www.louisville.edu/jobs](http://www.louisville.edu/jobs)) for Job Opening ID 23330. In addition, a cover letter, curriculum vitae (including visa status), five references with full contact information and a statement on teaching and research interests should be forwarded to:

John Naber, Search Committee Chair  
Attn: Jane Tanner  
Department of Electrical and Computer Engineering  
University of Louisville  
Louisville, KY 40292  
Email: [jltann01@louisville.edu](mailto:jltann01@louisville.edu)

Additional information concerning the department and position is available at [www.ece.louisville.edu](http://www.ece.louisville.edu). Minority and female candidates are encouraged to apply. The University of Louisville is an equal opportunity, affirmative action employer.
